THE COURT: Okay.

MR. CASTRO: They never said, Don't move out of the house, Mr. Denison, and don't uproot your family out of that house. Don't purchase another house. Just stay in the house because we have got some problem with the settlement agreement. They never said that. So John Denison and his family vacated the Raynor courthouse according to the settlement agreement within 30 days after the date it was signed.

And then they never said, Don't remove all of your personal property from there, so John Denison worked for at least an entire month, sometimes day and night, removing all of the property to do everything that he could possibly do because we was required to do that under the agreement.

And now they say that, Well, the -- there was a life insurance policy. Of course, they say in their -- in their pleadings policy or policies, but in opening statement, Mr. Self says there was a policy.

If there is a policy that needs to be submitted and cashed in, Your Honor, that is not a problem. In fact, that is covered by the settlement agreement. It says in the settlement agreement in paragraph 20 that if there are any undisclosed or unknown assets of the estate, they are to be divided one half to the Bob Marshall Denison Trust and one half to John Denison.

25

THE COURT: Well, the insurance policy is not necessarily an asset of the estate, is it? Who is the ż beneficiary? 3 MR. CASTRO: Well, I don't know what they are 4 talking about, but, I mean, I am certainly hoping for that. 5 THE COURT: Yeah. 6 MR. CASTRO: But whoever the beneficiary is, if 7 it is the estate -- yes, Your Honor, you are correct. Whoever 8 the beneficiary is, if it is not the estate, that is who it is 9 payable to, but if it is the estate, then it belongs one half 10 11 to --THE COURT: Sure. 12 MR. CASTRO: -- one party and one half to the 13 other. That is not a problem. 14 The other problem that they state is the 15 condition of the Raynor courthouse, and, Your Honor, we have 16 talked about this before. They asked for an inspection of the 17 property and we allowed it. 18 Bob Denison came with his attorney and they 19 videotaped and, I believe, photographed, but it may have just 20 been an videotape. Inspected everything, every room. 21 Obviously you can't -- you can't get a look at 22 the water pipes, but never was it told to them that there is 23 nothing wrong with this 110-year-old courthouse, that there is 24

nothing wrong with these water lines, but I will say this,

somehow maybe -- I don't know -- subpoensed Bob Denison or his attorney or both to appear at the very deposition that we had noticed them to appear, and they failed to appear, Your Honor. They failed to appear.

1.5

Ken Leggett was here for his client. Mark
Zachary was here for his client, but Bob Denison wasn't here
and none of his attorneys were here for this very deposition.

And I have the -- I have copies and I have the originals, Your Honor. So if they didn't know about the water line eight days before, certainly there is some duty on their party to at least appear for depositions and know these facts, Your Honor. And they could have asked for copies of these depositions. They never asked for copies.

But never was it represented to them that this

110-or-so-year-old courthouse was in any kind of condition

whatsoever. They had the opportunity -- in fact, just a few
days -- I don't remember the exact date, but I can look back.

I drove Mr. Zachary and Mr. Leggett around the ranch, Your

Honor, in my vehicle.

We drove around the West Ranch. We drove around over here on -- near Old Glory. We drove around the Raynor courthouse.

There was no attempt whatsoever to hold back on anything with regard to the condition of this courthouse.

None whatsoever

And because of that, Your Honor, because of these things, they want to set aside this settlement agreement 2 that we have worked for for years. Now, of course, Bob 3 4 Denison is on his -- on his fifth law firm now with Mr. Self, but Mr. Self does not know the history, the history of this 5 6 entire case, and I think that's important. Knowing the history of this case is important. 7 8 In any event, Your Honor, when this is over with, we certainly are going to ask that this motion be denied 9 and we will have before the court a motion to enforce. 10 THE COURT: I think that if -- I don't think I 11 can -- considering all of the alternatives I have today, I 12 13 don't think entering the judgment is one of them under these new cases, so --14 MR. CASTRO: We will file a motion. Thank you. 15 THE COURT: All right. Ms. Smith, do you want 16 17 to make an opening statement? 18 MS. SMITH: No. Your Honor. 19 THE COURT: Mr. Zachary, do you want to make an opening statement? 20 21 MR. ZACHARY: No, Your Honor. THE COURT: Do you have any witnesses? 22 MR. SELF: Yes, Your Honor. Am I allowed to 23 respond briefly at all? 24 25 THE COURT: No, sir.

that is right. 1 How many conversations have you had with Bob Denison 2 about the condition of the Raynor courthouse? 3 About the condition? 4 A. .0. Uh-huh. 5 To the best of my knowledge, the day that they came 6 7 to film. 8 0. Okay. And that was approximately May of 2000. that right? 9 I believe so. I believe that is what they said here 10 a few weeks ago. 11 So you believe you talked to Bob about the condition of the courthouse at that time? 13 A. Correct. 14 Have you talked to him since May of 2000 about the 15 condition of that courthouse? 16 Not to my knowledge that I can remember. 17 A. Well, have you instructed your attorney or anyone on 18 your behalf to contact Mr. Denison or any of his attorneys to 19 tell them about the condition of the courthouse? 21 A. Not to my knowledge. Okay. Has the condition of that courthouse changed Q. 22 from May of 2000 when this filming took place to May of 2002? 23 Yes, it has. Yes. ·A. 24 For example, I believe part of the porch is gone now. 25 Q.

23

24

25

- Well, the interior part has changed.
- The interior has changed?
- And I am sure, you know, being 100 years old, the exterior, you know, I am sure that it has changed, yes.
 - And you think the interior has changed?
 - Right.
 - What changed about the interior?
- Well, it is -- the changes on the interior are the things that we have done -- our family did to -- for improvements. And when I say that, I don't mean by major improvements. What I am saying is the -- like the butane stoves had rubber hoses, and we were instructed to put a particular type of hose on the butane stoves that were -that we were supposed to have, that it was just -- it was something that we had to have on there.
- So you have made -- so you have made some interior changes to it. Is that correct?
- Right. Also the walls in the house on the -- in two rooms in the house and actually more rooms than that, but there were two rooms that were severely damaged. The plaster on the walls were falling in those rooms, and so what we did is we went in there and actually my wife, she stained some wood and --

this -- does this have anything to do with this case?
 2
                   MR. SELF: Well, no, Your Honor, but I just
 3
     wasn't sure I could cut him off.
 4
                   THE COURT: Well, I will cut him off. Next
 5
     question.
 6
                   MR. SELF: Thank you, Your Honor.
 7
              (By Mr. Self) As to the exterior of the courthouse
         α.
     there has been some changes or deterioration of that
 9
     courthouse. Is that right?
10
        Α.
              I am sure there has --
11
              For example, the porch --

              -- over the years.
13
              -- the porch has changed, has it not?
        Ο.
14
        A
              Right, it has.
              In May of 2002 you had a screened-in porch, for

             Right, yes.
             And that is not there now?
18
        Ο.
19
             No, the screen -- the screen was blown out by hail

    with the storm that --
20

             Every side of that screen?
        Q.
22
             I don't know how many years that -- old that screen
23
    was, but it was blown out.
24
        Q.
             And then the upstairs -- I call it a porch where you
   would walk out to the front, that seems to have sagged some.
```

```
Is that right? That is not in as good a shape as it was in
 1
  2
     May of 2000, is it?
  3
              The what part now?
         A.
  4
         o.
              I call it the upstairs, the second --
                   THE COURT: Balcony?
                   MR. SELF: Balcony. Thank you, Your Honor.
              Yes, I am sure. Yeah, yes.
 7
        A.
 8
              (By Mr. Self) And now we have discovered that there
     is a problem with the water line and it doesn't even have
 9
    water out there to it. Is that right?
10
11
        A.
              Well, I have the water cut off, yes.
              Okay. And can the water be turned back on without
13
     fixing that line?
             Well, I am sure the water can be turned back on, yes.
14
15
    Now, whether there is a leak, I have no idea.
.16
         Q.
              Okay.
              The leaks on that property the hard clay is -- you
17
    know, Bob -- of course, Bob doesn't know. He hasn't been
18
    there in many years to experience this, but I was there for 30
19
20
    years repairing leaks with our hired hand.
21
                   THE COURT: Let me ask you this.
22
                   THE WITNESS: And we --
23
                  THE COURT: Just a minute. Why did you have it
24
    cut off?
25
                  THE WITNESS:
                                I cut -- I cut the electricity

off.
          The --
                  THE COURT: You didn't cut it off because you
2
    saw a leak?
3
                  THE WITNESS: No.
                  THE COURT: Okay. Next question. Let's move
    along here.
                  THE WITNESS: I cut it off when we moved out.
             (By Mr. Self) So you have had problems with the
    lines out there. Is that what you are saying?
             Years and years before Mother and Daddy passed away.
        Α.
10
             And, of course, you -- when did you inform Bob
11
    Denison of these problems?
12
             Well, I don't -- I don't know.
        A.
13
             You didn't, did you, sir?
14
             T probably didn't -- Bob probably --

15
             Well, we can't --

             Being on the ranch, he should have known.

             I am sorry. I hate to talk over you, and I know the

             But setting aside "probably" for awhile, can you

    think of any time from May of 2000 until May of 2002 when this
24

about changes in the condition of the courthouse? I don't believe I did. 2 Okay. Q. Α. I had no communication with Bob. And what other information did you impart to, if any, 6 to your brother about any of the assets of the estate? Well, my understanding was Bob was not allowed to 7 talk to me, through his attorneys. 8 Okay. But you were allowed to talk to your 9 attorneys. Right? 10 I would have been more than happy, sir, to inform Bob 11 about anything --12 13 Q. Okay. -- honestly, you know, before the Lord God, anything 14 15 that -- that was going on out there on that property, water leaks, anything, if he would have just asked. He never asked 16 17 and, in fact, he didn't feel like that -- that he -- that he could even talk to me. He told me he was not supposed to talk 18 19 to me. Well, you had a lawyer. Is that right? 20 Q. And he told me that right out here in front of the 21 courthouse. 22 23 Q. And he had a lawyer, too. Is that right? 24 Α. Yes.

All right. Did anybody prevent you from preparing,

     that courthouse?
  2
              No. No. I didn't -- I didn't prepare one.

              And I am not trying to get into attorney/client

  6
              I didn't know that I was supposed to.

              Okay. Did you know what information you were

     supposed to provide to your brother at all?
  8
  9
         A.
              As the executor, what I was instructed by my
     attorneys the information that we give -- the financial
10

     information, those -- and all of that information that -- we
     gave them everything.

              Two or three times over. Excuse me?
14
         A.
              That was done on a yearly basis or regular basis?
15
         Q.
                   MR. CASTRO: I object, Your Honor. This is
16
17
     irrelevant to this motion.
                   MR. SELF: Well, Your Honor, I am trying to get

                   THE COURT: I will overrule. I will overrule.
20
21
                   MR. SELF: Thank you, Your Honor.
              (By Mr. Self) The information that was provided, was
         0.
22
     that provided on a yearly basis, a quarterly basis?

this, we provided information -- some information three --2 three times over. 0. What information was that? 3 Well, financial information. A. 4 5 . O. Okay. What information --A Insurance information. 6 7 -- on the courthouse did you provide? 0. Insurance information. A. 8 Okay. , 9 0. Anything that they requested -- that they had. 10 Α. requested that -- we would give them that information. 11 Now, insurance is -- brings up an interesting point. 12 Q. Did you have the Raynor courthouse insured? 13 14 A. Yes, we did. Q. Okay. From the -- and you became the executor in 15 August of 1997? 16 Correct. 17 And you are still the executor today, so a little 1B over five years, five and a half years. Has the Raynor 19 courthouse been insured that entire period of time? 20 THE COURT: Wait just a minute. What pleadings 21 22 are you asking that under? Did you plead that? MR. SELF: Your Honor, I believe the insurance 23 goes to the question of whether or not insurance was there and .24 what information was provided to my client. 25

```
THE COURT: I thought you were talking about
 1
 2
    life insurance in here.
                  MR. SELF: Yes, sir, I do mention life insurance
 3
    in there, but I have also pled as to the condition of the
 4
    Raynor courthouse. I believe it is very telling as to whether
 5
    or not this property was insured, whether or not the property
 6
    could be insured.
 7
                  THE COURT: I don't see where you have pled
 8
 9
    about the Raynor courthouse. You are talking about the
    condition of the water line at the courthouse.
10
                  MR. SELF: Yes, sir, but I thought I had pled
11
    about the Raynor -- the condition of the courthouse.
12
                  THE COURT: I don't see anything in your
13
    pleadings about property insurance.
14
                  MR. SELF: No, sir, Your Honor, but I believe
15
    that the property insurance goes along to demonstrate what has
16
    and has not been provided to my client by way of information
17
    regarding the property.
18
                  MR. ZACHARY: Your Honor, for the Court's
19
    assistance, page 3B -- or on page 3 it is -- at the very top
20]
21
    of page 3 is the section I think Mr. Self is referring to.
                  THE COURT: Okay.
22
                  MR. SELF: Said property is likely uninsurable
23
    and possibly uninhabitable.
24
25
                  Thank you, Mr. Zachary.
```

```
THE COURT: All right.
                                          He has answered that,
 2
    hasn't he, that he was not insured? Now, what is the next
 Ξ
    question?
                  MR. SELF: I beg your pardon. He said he was
 5
    insured.
                  THE COURT: Oh, was insured. Okay.
 6
                   MR. SELF:

                   THE COURT: All right. You may.
10

   August '97 to May of 2002 when there was no insurance on this
    property?
1.2
             Yes, there probably was. There was a period.
13
        Α.
             At some point you answered Requests for Admissions.

11
12
              I don't remember speaking to him about it.
13
              Okay. Did you ever -- do you recall in your answers

    was -- that this property was insured?
              The only interrogatories -- I probably did say that,
16
    yeah, there was insurance on the property at that point. If
17
18
    there was insurance on the property at that point and that was
19
    the question, then, yes, I did. I answered it then that way.
              Okay. So you believe you may have indicated at some
20
21
    point prior to mediation that the property was insured?
             Yes, sir.
22
        A.
              Okay. Now, at the time of mediation, that May --
23
         Q.
    late May of 2002, was the property insured then?
24
25
        A.
              At the time of --
```

1	Q. At the time of the mediation.
2	
3	Q. Uh-huh. Let me ask it another way. At the time of
4	mediation it wasn't insured, was it?
5	A. I am not sure if we had insurance. I do know that we
6	had to carry the insurance over until our 30 days were up
7	until we had to move out of the house when we Bob and them
8	wanted us to vacate the house within 30 days, and that's
9	exactly what we did through our insurance coverage.
10	Q. Okay. But, in fact, you obtained the insurance on
11	the property on or about June 6th?
12	A. I could have.
13	Q. Which was after the mediation. Right?
14	A. That could be possible, yes, sir.
15	Q. Okay. So at the time of mediation, did you inform my
16	client that the property was insured?
17	A. I am not sure if we had a discussion about that or
1.8	not.
19	Q. Did you inform him that it wasn't insured?
20	MR. CASTRO: Your Honor, do we want to get into
21	everything that was said at the mediation which was
22	confidential?
23	THE COURT: No, just what he has pled. That is
4	all.
5	MR. CASTRO: Okay. Because there are a lot of

things said during three days of mediation. 2 THE COURT: Sure. I understand. Э MR. CASTRO: And I don't think Mr. Denison, you 4 know, is going to remember everything, and I don't think it is 5 fair to ask him to try to remember everything, Your Honor. 6 THE COURT: Well, as Mr. Zachary pointed out, 7 there is a question about -- under 3B there that maybe he is 8 touching on. MR. CASTRO: Well, No. 1, Your Honor, he has 9 already established that it was not uninsurable because he has 10 already established on June 6th of 2002 insurance was 1.1 obtained. 12 THE COURT: All right. Next question. 13 (By Mr. Self) Did you obtain that insurance on June 14 Q. 6, 2002? 15 If that was the date, I guess I did. 16 Α. MR. SELF: Could I approach, Your Honor? 17 THE COURT: You may. 18 (Movant's Exhibits Nos. 1 and 2 were marked for 19 identification. 20 (By Mr. Self) I am going to hand you what we have 21 marked as Movant's Exhibit No. 1 and ask if you have ever seen 22 that before. Have you? Do you recognize that, sir? 23 Sir, I am not real sure if I do recognize this. 24 A. I will submit to you that it is a copy of a binder 25 Q.

    it is insurance on the Raynor courthouse. Have you ever seen
    that or not?
             I am not sure if I have seen this or not, this right

    here.
             Okay. Do you know whether or not that was ever

    provided to my client?
             I have no idea if it was provided to your client.
 8
        A.
             Did you provide it to him?
        0.
             No, I did not.
10
        A.
             Do you know whether your lawyer did?
11
             I have no idea. I don't even know if it was

    requested.
                  MR. CASTRO: I did, Your Honor.
14
                  MR. SELF: Objection, Your Honor. He provided
15
    it to Mr. Zachary. If we need to go down that rabbit trail, I
16
17
    have got a copy of the fax.
                  The point of the matter is, Your Honor, it
18
    wasn't ever provided, but the bigger point of the matter is a
19
    binder was taken out. A month later the binder lapsed because
20
    no one had ever even inspected the property. You can issue a
21
    binder on anything. The binder was never paid. The insurance
22
23
    was never paid.
                  MR. CASTRO: Your Honor, that is a total
24
25
    misstatement.
```

THE COURT: Just a second. What is the next
 2
    question? Next question.
 3
                   MR. SELF: Thank you, Your Honor.
              (By Mr. Self) Did you ever inform my client that the
         Q.

    property was insured or insurable?
 б
                   MR. CASTRO: That is asked and answered. Your

     Honor.
                   THE COURT: Overruled.
 8
 9
                   MR. SELF: I don't remember his answer, Your

    Honor.
              Did I inform Bob Denison --
11
        A.
              (By Mr. Self) That the property was insured or
    insurable? '
13
            Did he ever ask me that? And when could he have
14
    asked me? Bob Denison and I never communicate -- never
15
16
    communicate.
17
                  MR. SELF: Well, I will object to the answer as
    nonresponsive. Do I take it that you have never had any
18
19
    discussions with my client about insurance?
20
             That could be correct because we didn't have
21
    communication.
22
        Q.
             (By Mr. Self) Would you agree with me also that the
23
    condition of the courthouse has changed from May of 2000 until
24
    May of 2002?
25
                  MR. CASTRO: Asked and answered, Your Honor.

THE COURT: Overruled.

- A. Over that period of time, the house being over 100 years old, I am sure it has changed.
- Q. (By Mr. Self) Okay. Now, as to life insurance policies, have -- well, hang on. Have you ever had any contact with Haskell County Farm Bureau regarding a life insurance policy on your mother?
- A. After -- after speaking to my attorney a few days ago, after -- I did recall that after my mom and dad had passed away, I did have contact with Kenny Tanner that worked with Farm Bureau. At the time, Mr. -- my attorney asked me, I didn't know whether he was referring to my mom or my dad's policy either -- which policy it was, but, yes, I did have contact at that time, but, of course, I lost my mom and dad 62 days apart. I had to be removed by my wife from here for nearly two months, and I did not recall that policy being there at that -- at that time.

MR. SELF: Can I approach, Your Honor?
THE COURT: You may.

(Movant's Exhibit No. 4 was marked for identification.

- Q. (By Mr. Self) I will hand you what we have marked as Movant's No. 4. Do you recognize this at all? I submit to you it is a copy and not the original.
 - A. Yes, sir, there is so many accounting documents and

different things and Farm Bureau letters. There is a good 1 chance that Mr. Tanner could have contacted me through that 2 way. Now, I am not saying that he did. And I could have 3 thrown it in the trash. There is a good policy -- there is a 4 good possibility of that and never even opened it because they send out -- Farm Bureau do -- they used to send out lots of 6 things, you know. They would send out calendars and --7 THE COURT: Let's proceed by question and ₿ 9 answer. Thank you, Your Honor. MR. SELF: 10 THE COURT: Any other questions to the witness? 11 MR. - .Q. Were you living at the Raynor courthouse on that day?
- A. Yes, I was.
 - Q. Were you living anywhere else besides the courthouse on that day?
 - A. No, I was not.
 - Q. Was any member of your family living anywhere else besides the courthouse?
 - A. No, they were not. My entire family were living at the courthouse.
 - Q. And when did y'all vacate the courthouse? What date?

 Do you remember that?
 - A. I don't remember the date. I cannot tell you the date. We were day and night trying to meet our 30-day deadline to move out and, of course, we had to finance a home and find a new place to live and get -- and get in this home, and we had a lot to do in 30 days and so --
 - Q. So was it around the 30 days then?
 - A. It was somewhere in that -- we did -- I did have some things that were on the exterior of the house, as I do today.

 I have a little Morgan portable building that is on the outside of house. It is still there. The things that Bob and

I agreed to divide, Bob's things are still over on my place over here. They are still over here. He has never received them.

- Q. Okay. But as far as the date, was it somewhere around the 30 days. Is that right?
- A. Yes, sir, somewhere around it, right in there, right around the 30 days.
- Q. Okay. At the time you moved out of the courthouse, were there any significant problems with the courthouse?
 - A. What do you mean by significant problems?
- Q. Just problems -- just problems at the courthouse as far as to live in it?
- A. Well, there were little things that was -- that had always been there since Mother and Dad passed away.
 - Q. Okay. Since --

- A. You know just little things that had always been there.
- Q. Since your mom and dad passed away, have there been any major problems come up with regards to the courthouse from that time until the time you moved out?
- A. There is not any new problems besides -- well, I am sorry. I am sorry. The front and the back porch, the old screen, as I was telling this gentleman here a minute ago, it was blown out by the -- by a storm, but it was so old you could have stuck your finger through it. That is how old it

was, the screen, and so I removed it completely -- the screen completely. I took that out.

And we put in a brand new septic system in the place because it was -- the septic system was completely gone. It was totally -- it was the old -- I call it ceramic -- that is not the correct word for it, but it was that old type of stuff, and we had to put in a new -- a new septic system.

Q. About when did you do that?

. 2

- transformer up on the pole because the lines that were coming into the house were banging up against there, and it was dangerous. It could cause -- there was a possibility of a fire and we put in -- we had the electric company, and all of this, I believe, was at the electric company's expense, but they installed a new meter box. It was not a new breaker box which you control breakers on, but it was a new meter box that you control the main breaker on the home to turn off the -- all of the electricity and where the meter goes because the others were -- the other was dangerous.
- Q. Okay. Anything else between -- any other significant things that happened with regard to the courthouse between the time of your mother and dad's death and the date of mediation?
- A. Not that I can think of. I mean, we have a little plumbing problem that we had to deal with. There was a bath -- a bathroom -- there was a bathroom that had a -- there

is a copper line that goes under the concrete is what I was told. The copper line runs under the concrete over into another bathroom.

That line had busted -- was -- had busted, and you could hear the water running, and so what we did is we had to -- we had to cut that line off. We just had to plug that line. Otherwise water, it was just going to -- it was just going to leak out and, you know, they are just old lines.

- Q. When did that happen?
- A. I am not sure of the date.
- Q. Was it between your mom and dad's death and the date you vacated the courthouse?
 - A. I am sorry?

 - A. -- when that copper line was -- would break.
 - Q. Okay. Anything else that you can think of?
